# KanguruClone™ 4 M.2 NVMe SSD Duplicator

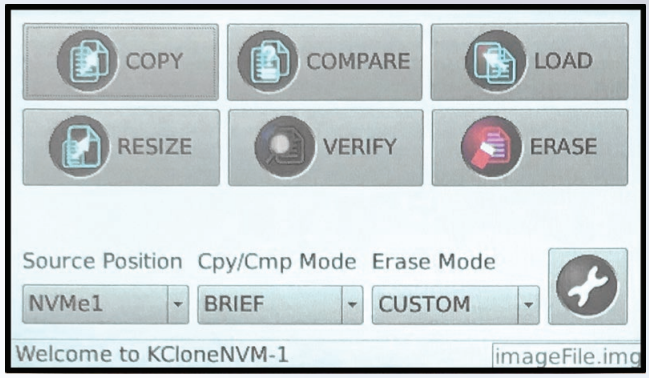

## Easily Duplicate Up To 4 NVMe SSDs At A Time

The **KanguruClone™ 4 M.2 NVMe SSD Duplicator** is a powerful way to clone up to 4 M.2 NVMe SSDs at once. With this stand-alone duplicator (no computer required), you can quickly and easily copy ultra high-performance NVMe SSDs. With copy speeds of up to 12GB/min, this duplicator is super fast and cost effective; ideal for organizations looking to upgrade their PCs with new NVMe technology.

A full-color, 4.3" TFT touchscreen user interface makes this the easiest-to-use Kanguru duplicator ever! Just attach your master NVMe drive and up to 4 NVMe solid state drives and you will be duplicating with just a few taps of the screen. The KanguruClone 4 M.2 NVMe SSD Duplicator has advanced features for the IT professional, yet the controls are simple enough that even a novice can begin using it within minutes of taking it out of the box.

Model Number:
**#KCLONE-4NVME**

*The user-friendly, full-color 4.3" TFT touchscreen makes it very easy to select functions, copy modes and special features.*

**The KanguruClone 4 M.2 NVMe SSD Duplicator is TAA Compliant**

### FEATURES/BENEFITS

- Compatible With New, Ultra High-Performance NVMe Technology
- Duplicate Up To 4 NVMe SSDs At Once
- Stand-Alone Duplicator - No PC Needed
- Multiple Copy & Compare Modes Available
- Easy-To-Use, Full TouchScreen User Interface
- Wipe And Erase Features For Secure Data Wiping (Meets GDPR Compliance)
- System Logs Exporting
- and More...
